All of the resources and templates for Phase 1 are available under the [Resources section](#) of our website. Please note that login is required for access. If you haven't signed up, the process is quick and we will approve access within 24 hours of the request.

A reminder that Phase 1 is just the beginning of the toolkit and each of these tools will work together to form a wholistic implementation of the Information Security Guideline requirements. Work is already well underway for Phase 2 of the Information Security Toolkit and we'll be sharing our next deliverable at the end of June. The full toolkit is on track to be completed by the end of Q3.

If you have any feedback on the tools developed to-date or need assistance in better understanding how the tools work together, please do not hesitate to reach out to myself, [Sam Lundy](#) or [Josh McKnight](#).
